

Tennessee Wild Boar

Adventure Description

Our lodge is located in the beautiful scenic foothills of the Cumberland Mountains and offers simply the finest hunting experience imaginable. Come enjoy the spectacular scenery and hunt your trophy while experiencing the great outdoors in the wild and woolly mountains of Tennessee.

The lodge has all modern amenities in a rustic setting -- cedar wall interiors, air conditioning, heat, indoor showers and rest rooms, and complete bedrooms with bedding and towels. All meals are home cooked and served family style by our on-staff cooks.

Come and challenge the fierce temper of the wild boar. Our boar herd consists of both Russians and Razorbacks and is carefully managed to allow only the best trophies to be taken. These are truly "wild" boars.

Our hunt begins at 7:00 a.m. Our guides take you out into a choice area, place you on a stand, stay with you or leave you to do your own thing. The choice is yours.

At noon the guides will bring you back to the lodge for a hearty meal and some rest (if you like). Then you will go out again in the afternoon.

Dogs are used to hunt and bay the hogs if the hunter requests them. Our guides are always in the immediate area of your hunt when you need them. They will help you field dress your animal or do it for you, whichever you prefer, and then bring your trophy back to camp by ATV.

The choices are almost endless at our lodge. We offer a full array of exotic species along with many native American varieties. We are confident that we have the best trophy hunting available backed by our "No Kill – No Pay" policy.
